Not to brag, but Singapore has some of the most impressive skylines in the world. And we're home to world-class hotels located in towering, state-of-the-art skyscrapers dreamt up by illustrious architects. Some people may prefer having a staycation at the beach or secluded spots around town; but if you're a city person, you might want to be right in the heart of the action. Book a staycation at one of these hotels right in Singapore's city centre and you'll be a walking distance away from the best art galleries, cocktail bars and restaurants.
